to whom it may  
concern,  
thanks for your  
cable station -  
I hadn't taken  
advantage of  
it before but  
I will from now  
on. I think  
you'd better  
get more phone  
lines or at least

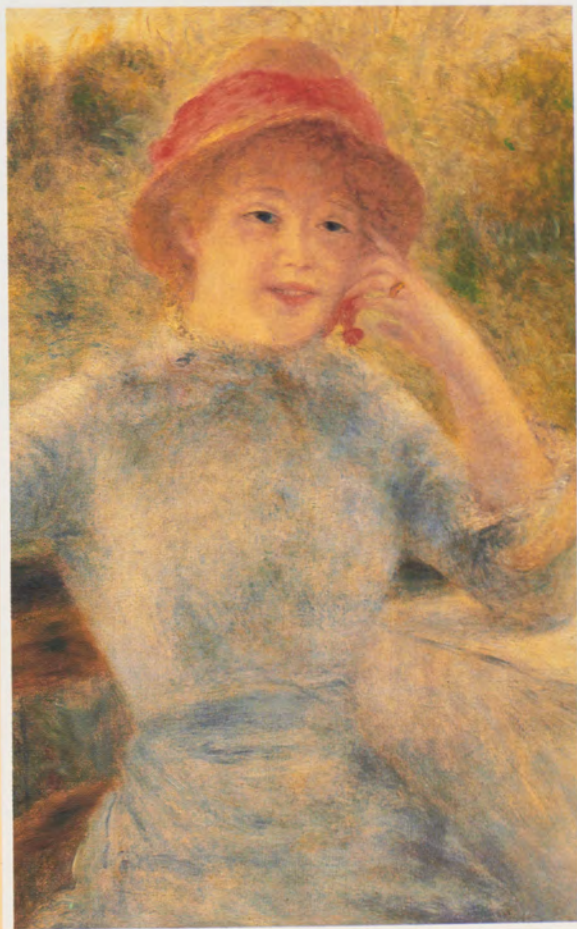

real people to  
answer the phone.  
I tried for 4 days  
to get through.

Anyway this  
has empowered  
me as an American  
and women -  
these hearings have  
made and will  
make historical  
changes.

Sincerely,
