Gentlemen:

How can I thank you for the privilege of seeing so many of the events making up the Inauguration this week? It was like being a part of history.

The full coverage you gave to everything on Wednesday, January 20, from the Prayer Service to the Arkansas Ball, was extra-

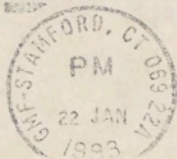

ordinary. No other network can
in any way compete with you
in such coverage.

I have been almost glued to
C-SPAN all this week, so grateful
to be able to see confirmation hear-
ings of Cabinet nominees as well
as the White House open house.

Thank you for what you are
doing for the American people,
bringing us closer to our history
and our Government.

Very truly yours,

[REDACTED]
(Mrs. [REDACTED])
