Dear C-span,
after your series on the "Budgets"
of the Congress, would you have
Martin L. Gross on the program
to tell the truth on where the money
is going. No one has explained the
"Other" and "Congress's intitlements", that
are taking this country down. The
Middle class gets a little student loans
and Medicare part B (partly paid) otherwise

We get NADA!!! for what the middle class pays.

Thank - You

Refer. Martin L. Gross
a call for Revolution - How Washington is
strangling America - and How to Stop it.
