Re: Your response to my letter 9/27  
Dear Mrs Hunter,

obviously your response is or was  
not to my letter. I criticized Connie  
for putting off a call who she  
obviously objected to & in addition  
did not permit an answer.

I love C. Spivey & respect most  
of your interviewers, (who said  
any thing about certain viewpoints.  
certainly not me & not this particular  
letter!!!

However, thank you for your  
response. In addition when "bigots"  
or liars call with misleading  
statements, certainly a correction is  
not only in place but necessary, don't  
you agree? (over please)

possibly you were referring to  
an earlier letter??.

Many thanks for U.S. Congress  
Handbook.
