REQUEST FOR INFORMATION ON ORDERING VIDEO TAPES

I phoned for the above-mentioned data but couldn't afford to stay on hold any longer.

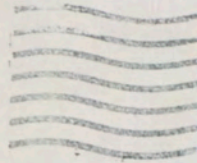

Please send me the identification number of the November 1 Noam Chomsky talk at the University of Maryland-Baltimore, televised November 2 at approximately 11 pm to 12 am EST or a little later. Also send the time of the tape and the cost. If over one hour, are there then two tapes? If so, is the lecture all on one tape, with the question and answer section on the second tape? The reason for all these detail questions, of course, is to save money if possible and still get the entire lecture.

Please send whatever information you have available in answer to my requests.

Thank you.
