Dear Mr. Lamb:

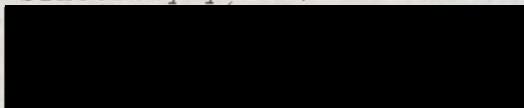

We have just returned from a great trip to DC with the National Close Up group and teacher from Quivira Heights High School at Bushton, KS.

This was a wonderful week to see the many historic sights, to talk with our Congressmen and Congresswoman from Kansas, and to mingle with youth and teachers from other states. We think this program is an excellent one for students to learn the government processes and to learn about history past and present.

Thank you for the partnership with this program and C-Span giving national coverage to students, teachers, and older Americans the opportunity to share their views.

We wish you continued success in your association with the National Close Up Foundation.

Sincerely yours,
