Help!

How about looking into "Quayle's Hush-Hush Council"
with Ms Christine Triano/Office of Management and Budget Watch and
Ms Nancy Watzman/Public Citizen's Congress Watch (all non-profit)
re today's op-ed article---

Americans really would like to know who is running our
Government--- looks like big, big business--- with no compunctions
against intimidation, secrecy, and manipulation of legal protections---
sorta like big-time racketeering, eh-?
and-----

re "The LOST Soviet Trade Bill/Leslie Gelb---

Did any one watching C-Span know this was going on---?
and if not, why not---

Where does this leave separation of Church & State---
Where does this put the level of arrogance of this still-aggressive
Catholic Church in its unrelenting drive for public taxpayers money---
and what of this elite legislative arrogance---and their connections to
Church over State---

Does anyone know orcare-?

How about getting Ambassador Robert Strauss on to tell us why
he says that "if the USSR doesn't "blow up in our face" while waiting for
aid--or turn "fascist" while Washington power brokers play games---

When issues are raised---we cannot just let them drop away---
courage is called for to write such pieces and to prit them---we must follow
up onthem--- Thank you!

PS: I'd send you the articles, but they are definitely refrigerator material---
