My dear Mr Lamb:

They've done it again. Your fascinating panel [McCullough, Willy Halberstam] just ended.

Know what time it is here, near Niagara Falls?  
6:30 (Limbaugh just came on) A.M. I

stumbled in it at 5:55. Furious that I had no way of knowing it was/would be on, as I'd heard only "9:30pm Sun 7/30" & too many other programs were viewed & taped.

Our only newspaper (But. News) does NOT print C-Span at all - W H V? I can't get a 1st base on this, can you? Desperately & most frustratedly yours,
