C-Span,

Dear Mr. Lame,

I have enjoyed your and your host's objectivity and have found the callers and your guests very informative. Also the programming on the whole is superb.

However, I have never been able to get a call through, until today. I was put on hold for 15 min. and then the program ended with no one taking my call. There is a lady from Conn. (Somewhere N.Y) who calls about once a week. She is very partisan Democrat and many of the other callers have complained about her.

Also, I am appalled that we are digging into Watergate with a whole bunch of courage. It has been elevated to the level of the Holocaust. Despite journalists assertions to the contrary, I find great similarities between the happening then and now. Abuse of power (FBI files) obstruction of justice (Billing records) and illegal campaign finance practices. The main differences are threefold ① the times ② John Dean ③ the D. yes.

One last thing, the attack on Ken Starr by Democrats, especially James Corrille, and also the media is very biased to say the least. I remember when he was appointed, his credentials were considered impeccable by all parties.

I could go on but I will stop in the interest of brevity.

Please read my letter since I will be charged for a phone call. (Just a bit of history.)

Sincerely
