Dear ~~CNN~~, C-Span, etc.

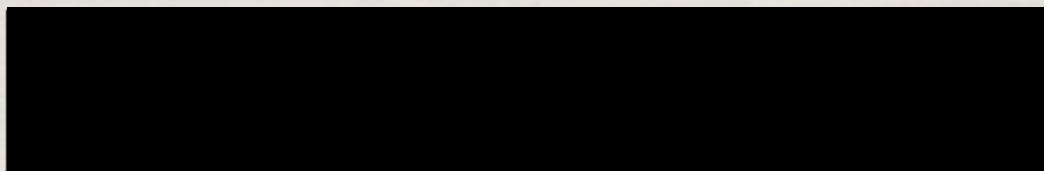

Be sure to save the tape of your interview today with journalists Gloss and Dallas

I wager the tape will be sure proof of "out of touch" media that pontificates and drags with self importance, come 6 months from today.

I'm listening to WLS Talk show call in 8/20/90 10:30 CST and NOT ONE call is in agreement with Bush who just spoke to the VFW (average age 70). Not one caller in 14 agrees. "Let's you and him fight is the politicians motto"

Sincerely,
