Washington DC 20001

Here is a suggestion for C-Span:

Create a file of video / audio recordings of the pageantry of the United States Military Marching Bands performing at various official ceremonies. Include The US Army Continental Drum, Fife and Bugle Corps, The US Marine Corp Marching Band, The US Army Marching Band performing at ceremonies such as General Colin Powell's Retirement.

Then play the videos on various National Holidays such as Independence Day, Veterans Day etc.

No Speeches, no discussions in
the studio just let the audience
listen to the Band music and
watch our young Americans
perform traditional ceremonies with
such dedication and pride. We would
like to hear our "National Anthem"
played correctly, as written and
without embellishment, as often
heard in the Ball Parks. Is there
a better way to celebrate our patriotic
holidays?

Sincerely yours.
