I was very Annoyed how Rep. Jeay Lewis used the LAST Few minutes of Wed.'s Program to ignore Answering the callers questions.

All Fed. Employees + Families get all the health care free coverage.

With 23,000 Additional income ^{each} Congress get a much higher Soc. Security pension & a much higher Fed. pension besides a cost of living raise for life. why doesn't C-Span Address This.

How much does the taxpayer pay for all the above besides all these perks. Why can't we get any answers on C-Span.

Why does it ^{Fla.} cost \$9,500 to get a person's name on the voting ballot for Congressman.

No wonder, The same people keep running our government when each incumbent gets to pocket 500,000 - 1,000,000 Left over from each campaign.

No one is listening to the voter.
We do not have a choice.

I Think the party system no longer

Why should I have to say I'm over
party or the other in order to vote for
a nominee? I vote for the man, not the
party. So, my vote is given for a nominee, this is not
