Dear Brian:

Crazy about C-SPAN 1+2, but never can get through from Albany NY (4 yrs now) though I once got the IRS, who said your wires were crossed with theirs all that week. So how about a portion of your programs for post-cards like this? Please!

The most important thing you could do for viewers before the election is get on "Booknotes" the author Michele McKeegan re '92 book Abortion Politics: Mutiny in the Ranks of the Right, published by Macmillan's Free Press division. It details Bush's sellout to the far right, including his suppression of crucial bulletin from Public Health Service advising use of condoms to prevent AIDS, the gag rule's origins, pressuring Surgeon Gen. Koop to publish untrue info re abortion effects etc. A must.

Sincerely, [redacted]
