Dear Brian & Folks at C. J. Fox

May I commend you on the interview conducted by Susan with Viet Dinh. It surely was important and you gave in depth information about how Independent Council works. Susan really brought forth the questions people were asking and dispelled a lot of misinformation the people were receiving from other sources.

Mr Viet Dinh was so knowledgeable, so plain in his answers they could be understood by anyone. This program needs to be repeated several times during the investigation simply for educating listeners. Have Mr Dinh on again!

What a relief to hear someone

who isn't spinning constantly.
Thanks a lot.

I want to express my appreciation to you Beon for explaining to you call me about C-Spar policy when they have a disagreement with something you do. So many others would just brush these people off or not even take the calls.

I suspect you must be a person of great integrity.

I once wrote a letter criticizing Susan about two years ago I must confess she has surely proved me wrong since she can really do an interview 'Keep up the good work!'

Deny the people who really know their subject and state the facts ~~realistically~~ ^{in a forthright manner}. The spinning politicians just make me laugh, also the overly partisan.
With respect,

P.S. I love it when both panels are equally balanced. You set a good perspective.
