Dear Sirs & Meses.

Why do you keep putting adolescents on to state their views. At the risk of sounding politically incorrect.

They have no intelligence in Political matters. They get most of their information from liberal Teachers.

You the media are always trying to get into peoples mind with Political B.S.

God, we wish media could be true. It is so easy to tell the truth. Socialism is over for all time, so get off it!

Sincerely

If Mr. Kessler had been born
back in the days of our founding
fathers we probably would not
have the good history we have today.

Ben Franklin would have been
good book material for example.

Every one has their own bad
things they do including you.

You can tell when Kessler
is not quite telling the truth
his words quicken and he
purges his lips when he gets
done talking.

I just now turned the
channel because he makes me
sick looking at him
