OCT 19 REC'D

NOV 19 ANS'D

Its a wonderful channel and all involved do a fine job & I especially enjoy your call in program & the coverage of the house of representatives.

I believe its a waste of money to pay these dummies in congress & in senate when they fight like cats & dogs & give the american people grief by taxing us so much taking our food money for taxes. I'm flat sick of their raising their pay and approving more new taxes. Cut out any pay raise unless its the 4% cost of living like social security gets. Tax the 6 figure incomes more & leave medicare premiums as they are. Make these law makers stick to the budget of the income coming in & quit printing more money. I keep writing & bugging the senators & representatives reminding they November 6th is getting close and they will be out soon.

Thank you for your program cause

OP-82118

before your program^d had no idea
what they were doing.

Sincerely
