C-Span

Brian Lamb

001424 FEB 1991

Dear Brian,

Since August, I've attempted to get through to C-SPAN during the Viewer-Call-in at least 50 times, & I can't seem to be able to. I figure there must be thousands of people attempting the same, so I've finally given up, & have decided to write to express my opinion concerning the mid-East. It's been so long (1 1/2 yrs), & I've got so much to say now, I don't even know if you'll want to read this letter. Anyway, read on if you want to take the time.

When all this started back in August, & I realized how Iraq was "suckered" into invading Kuwait, I figured it had to be some kind of ploy to justify getting an American presence in the mid-East — probably 2 air bases in Egypt.

When Bush sounded off about "picking arms" and "no price is too high to pay for the liberation of Kuwait," I thought he was crazy.

(over)

II

Those were pretty hard statements for the "President of the U.S." to be making publicly. He sounded like a nut playing "Rambo!"

Anyhow, then came all the reasons.

(Item) Saddam Hussein was a threat to the world because 2 yrs from now, he might have a nuclear capability & wouldn't hesitate to use it. We have over 27,000 nuclear warheads ready to drop on his head, but we're expected to run around in panic!

(Item) S.H. gassed his own people - the Kurds. He may have done that, but they conveniently left out the fact that it was the CIA & Ariel who supplied the arms to the Kurds to instigate insurrection in Iran. They should be credited with their share of the responsibility of those deaths.

(Item) S.H. is another Adolf Hitler. You & I both know that's like comparing a chicken to a vulture. I figured Bush should talk about Lebanon & the "Butcher of Israel" - Ariel Sharon, (since they referred to war crime trials)

(Item) Then they started to accuse the Arales of atrocities in Kuwait. The hypocrites

III

think the world hasn't noticed that for over 3 years now, the Israelis have shot & killed hundreds of Palestinian children. Now I ask you, just who is abusing human rights? Also, how stupid does Bush think the American people are?

(Item) As for the oil argument, that doesn't hold water either. Congress hasn't worried about American industries & jobs going overseas; they aren't too concerned about our over 3 million homeless — who are still waiting for their cardboard boxes; they haven't worried about the National Debt being tripled with the Reagan credit-card economy; nor have they worried about the banks being regulated properly. In fact, two days after Kuwait was invaded, the oil companies were already ripping us off!

Since August, the American people have been blasted by Israeli propaganda around the clock. I've heard nothing on TV but lies & poison-hate venom by so many Jewish "experts." I've begun to believe that they must think the U.S. is part of Israel. They've even "out-gobbed" Josef Goebbels!!! (over)

IV

Maybe the Jews hope to deceive the Arabs into believing that they've been innocent bystanders & uninvolved in this conflict, but there are many Americans who observe the obvious. Since August, Israel has been firing a "salvo" at the Arabs daily, (with all their hate propaganda) only it is now being delivered by Americans in the form of over 60,000 sorties!

The U.S.A. does not have its own Mid-East Policy. We have an Israeli controlled Congress carrying out an Israeli Mid-East Policy. The best of American youth are being used as a mercenary force under the guise of Patriotism, to further Israeli ambitions — to be the dominant force in the Mid-East.

I guess that's supposed to be the "New Order" Bush keeps referring to.

It's logical that Israel will also enter the fighting at the last minute so they can be at the "peace table" as one of the "offended" parties. All this, after American blood is used to rid Israel of the drag-Arab threat.

V

Brian, right now, I'm so disgusted with all the stupidity going on in Washington that I've come to this conclusion. We shouldn't even be there! No American should have to die for the reasons that have been given to us. There are over 100 million Arabs in that area — who can straighten out their own problems! What we are doing is only for the interests of Israel.

I, personally, think that we should haul down the U.S. flag from the U.S. capital & replace it with the Israeli flag. It's obvious who is running the show in Washington & who the stooge is.

I think Bush & all his Israeli cohorts should be arrested & tried for war crimes against the Arab people.

Bush should also be impeached for not carrying out his oath of office as President of the U.S.A. representing the people of the U.S.

That's it! — Thank you, Brian.
Respectfully & Sincerely,
