I knew you would be
the one station or Net-work
that would show the truth on
the other side of the Gulf
Victory celebration with the
Protestors, which I appreciate

at least you were
honest enough + objective
enough in your broadcast
upsetting to show that not
everyone was in a "I Love a
Parade Mood" + that there is a
dangurous undertone in our
country of dissent being crushed
or suppressed by Patriotic useless
rhetoric

Keep up the good work,
Respectfully
