

C-Span
oh my my. What is wrong with
you putting all these phoney
actors on C-Span at Ron Brown's
funeral services Enough is Enough
with these thines, making a
huge spectacle of themselves.

They will not get an academy
award for their disgusting
performance this is typical of
Liberals no ideas just fake
acting with all their crises
It's a sad case. This Hollywood
Lynne Mickey Carter, a stiff plastic
Board. And that Mrs Cutler who
looks like she needs a Bath
she's disgusting, but that Queer
Infirmer Thank God He's gone.
The president and Hillary
is no 1. in Phonism &
Crimism. This is a disgrace
they're making this a T.V.
Extravaganza! What a sight

o-Ron Brown

for a sore Eye. Shame on you C-Span
You should have more Consideration
for the American people, now we
know where you stand. It's so Sad
what is going on in our country, we are
becoming a third world country & to
a disservice what these Liberals are
doing. This is why I know Dole will
win for Character I have been active
in my Republican community and this
President has no character he will
lose on that alone. Say what you
want about Bob Dole. He is an
honorable man just like our President
Donald Reagan. But Dole did not
Dodge the draft. Didn't smoke
pot and didn't keep his pants
in front of women. Clinton is a
homosexual and can't keep his
eyes off of the woman. He doesn't
even look at his own wife. It
seems like they can't trust each-
other they both lie. It's really
Sad that this President tries to look
presidential But he's just not there
and will never look presidential
This Ron Brown Fiasco is really
(over)

nothing more than a Liberal Concession show
The man was a liar a thief and
③ Stole money, they said he had no
money but has a palace on the
hill how do you get this palace with
no money again the lies come through
and all the money he spent so
lavishly on these trips it was just
released how much he spent.

It is a disgrace, and these Liberals
are going to be voted out, they
must. We the people will do that
and they're busy funds in the
union they're buying the president
and the candidates, But our word
is getting around. Because we have
our Great Man. Rush - The man
is brilliant and shines the light
of truth. He will be president some day
he's a great guy. And keeps us in
formed with the whole truth.

This man has earned this golden
microphone a Thank God for his
golden tongue and golden brains.
We love him to death and Smart
we love him. He's our next president! Smart
Smart
