

Dear Mr. Brian Lamb,

I would like to express my deepest appreciation for the opportunity to travel to Washington, D.C. and to participate in the Close Up program. It was truly a hectic, but unforgettable week.

I have been to Washington, D.C. before but this opportunity gave me a chance to understand things that I had never clearly understood before. It was wonderful to meet Senator Kerry and Congressman Kennedy. The seminars helped me to ask questions and to learn from other students from across the country. I am still communicating with these new friends.

Close Up offers us a well organized program with very knowledgeable people. I hope that other students will have the opportunity to experience Close Up too.

Sincerely,

Marian Heath
