***April 27, 2004***

***Dear Brian Lamb,***

***Congratulations on C-Span's 25th Anniversary.***

***I received the C-SPAN pen, and the \$100.00 check from National Cable Satellite Corporation D/B/A C-SPAN as my C-SPAN essay was selected for "special recognition"***

***Thank You.***

***My husband and I have watched C-SPAN for 20 plus years. We watch all the programs on C-SPAN.***

***You are a member of our family and that includes 4 daughters, their spouses, 12 grandchildren, and spouses and 16 great grandchildren.***

***When they visit and that is often, you too are in our living room, and you talk and we listen.***

***You are C-SPAN.***

***Mary Holley called and interviewed me, for an article on my "telephone tree" for C-SPAN UP-DATE, March 22, 1988 newspaper.***

***Now, in 2004, I still activate my "telephone tree" when C-SPAN has hearings, and votings on issues concerning the elderly.***

# **AARP** Chapter

*We were disappointed while watching the voting on Medicare RX bill, and about 4:00AM the vote turned from No to Yes. We hope Congress and AARP will fix the bill, so the elderly will have cheaper prescription drugs and they can get prescription drugs from Canada.*

*We go to Senator Feingold and Representative Kind meetings when they are in our town and we participate in the question and answer sessions.*

*Sincerely,*
