Dear Mr. Lamb,

I would like to take this time to thank you for making my trip to Washington, D.C., possible.

I would like to inform you on all the events I took part in. First, we visited all the monuments and memorials, such as the Lincoln Memorial and the Jefferson Memorial. We spent a day, actually a couple days, on Capitol Hill which was very interesting. We had speakers talk to us pertaining to the environment and, of course, government. We also had our own group workshops, which were fun to discuss different subjects with students my age. I had an interesting, fun, and great time.

So I would like to let you know that I'm very grateful that you made this such a memorable opportunity for me.

Sincerely,

Santee, Ne.

Dear Mr. Lamb,

As the sponsor of [REDACTED]'s delegation to Close Up, I would like to extend a very big thank you to you for making this marvelous trip possible. The four young Native American students who attended the Close Up Program in Washington, DC, have beautiful memories which will last them a lifetime. Do you know that the flight to Washington was their first time on a plane? You made that possible. I want you to know that these four students are most intelligent and hard working. They have learned through Close Up that there is a world beyond this reservation's boundaries; that the world is exciting and interesting; that people truly do care. I wish you could have seen them on their first day---they were terrified! Each day I saw them stand a little taller and hold their heads a little higher. Thank you for making all of this possible. This trip has meant more to these girls than you will ever know. Thank you again.

Sincerely,

[REDACTED]
