

March ~~4~~ 1994

Dear Mr. Lamb,

Minister Louis
Farrakhan stated in the
2/28/94/ TIME magazine
that he would apologize
if after a Congressional
hearing it was found that
he was a racist or anti-semitic.
This will not happen. Congress is
too busy.

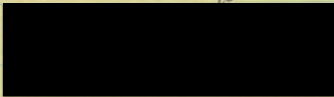

Perhaps C-SPAN could
put together a mock trial
for Minister Farrakhan. Then
people could decide for themselves.
And C-SPAN would gain new viewers.

2.

Personally I believe that he should run for President in 1996. Republican voters in Iowa and New Hampshire would certainly gain international attention. And people normally not participating in primaries and caucuses certainly would. The whole system would be shaken up. And people would be forced to learn about other communities — including Minister Farrah!.

Thank you for your time.

Sincerely,
