C-Span

Washington Journal Segment

Subject: Counsel who appeared on behalf of
Senator Judd Gregg, New Hampshire Republican

It has been brought to the attention
of your "news" dispensers several times
by me, pointing to the obvious takeover
of C-Span by the forces and \$\$\$ of
self-serving groups (conservative Christian
coalition, Gary Bauer, et al, ^{groups who} with no
impunity mislead and misquote, and
distort the truth.

In particular, the pretty young woman
who is Counsel to Judd Gregg expounded
on a fiction tale of The Senator's concern
for education.

Fact: Senator Gregg enjoys 100% rating
by the Christian Coalition.

Fact: He is anti-choice re abortion.

Fact: Re: Labor, he has 100% rating
with Associated Builders & Contractors.
(He is not on the side of
working people but
supports Corporations.)

Fact: most importantly, in spite of Ms. Counsel
for the Senator, Education gave
him a very low score.

We need an enformed electorate. Talk about
lying! Gregg got a 100% from Chamber of
Commerce. He is anti-people.
Does C-Span need some cleaning up too?
