Dear C-SPAN: 2478-90

The classical music on C-SPAN is a welcome change from most of the music on TV and radio. Please, never switch to "march, popular or waltz" music, as one viewer suggested.

JUL 23 REC'D

We would have gotten cable years ago if we'd known about C-SPAN programs—interviews, roundtable discussions, call-ins, as well as hearings and legislative sessions. C-SPAN (and CNN) programming are completely ignored by the St. Petersburg Times. Keep doing what you're doing! Too bad not everyone knows about your regularly scheduled programs.

Sincerely,
