Gentlemen,

SUBJECT: NEWS 1 MOSCOW

I just want to tell you how much I thoroughly enjoy watching News 1, Moscow.

I watch this every evening, and if it is not on because of other programs, I record it the next morning.

I have one request. Sometimes it is not shown and I would prefer it is not enterupted because of the happenings in the U.S. congress. The congress meetings could be shown later, after News 1. One never knows if News 1 will be on for sure. It is wonderful being able to see how the News is reported to Russia. If there are any more programs about Russia, this would also be great to watch.

Please see what can be done about this.

Sincerely,
