Suite 650
Washington, D.C. 20001

I live in a suburb of Seattle served by Viacom. Early this month they cut back on your coverage and substituted BET. Now, rather than being able to enjoy your fine coverage early in the day and late at night, they are showing obscene rap music and soap operas with a Christmas setting.

I would appreciate it very much if you could suggest anything I can do to have the original C-SPAN coverage in this area restored. Thank you.

Sincerely,

cc: Peter Kiley
