

O.W)

Gene Gibbons
you skipped
about Clinton - Callers' comments about criticism
went on to comment on Hillary race.

Now about Clinton's youthful

"indecisions" Since you mentioned

Bush's, I'd call Clinton
more than that - He is very
very immoral - running sex
from a young girl in oval
office & his lies - felonies &
rape & on & on.

You are such a Democrat -
liberal - defending schools & not
voucher which would give poor
children a chance at an good
education.

Then you talk of the good
job the schools did - meeting pot
etc. Honestly they are the pits and
everyone but you & Democrats will
not admit it - just hypocrites - and
you sacrifice kids getting better ed-
ucated" for your policies. In this

Known before you mentioned W. Humphrey
that you were one of them
really caring for our children as you
Democrats pretend to do "better than G.O.P"?

The same way you gave Clinton a
pan allowing him to remain in
office just to save party you are
an American

This is where I turned you
off you were getting into the Horrific
School violence, gun show. You
want to disarm every one for
political reasons - Like Hitler did.
Clinton brought down our moral
not guns - gun control is just
taking away freedom. This is what
liberals do - They don't work on real
problems why kids are going crazy -
"Horrific" crime was Waco where FBI
Killed 80+ innocent & the woman
baby & young boy in West - (And he
bombed ^{Aspern} Sedon medicine factory, drag &
Belgrade - all crime to get attention
from Clinton's sins) This is why kids are
doing it - And Clinton's partial birth abortion.
