Attn: Program Director

I am a C-Span junkie, and would like to ask if you couldn't possibly have a program with someone who tell us, the American People, what the Pension system of the U.S. Government is.

Especially, what do the 435 members of Congress draw for pension after they leave office. It seems to me the American People who didn't like their pay raises of late would be shocked to see what they draw for a pension.

About six months ago I asked my congressman Ben Bunning for this information, but as I suspected he didn't reply.

Thanking you, I remain

P.S. I maybe Ralph Nader is the one to have a and speak to Pension.

P.S. If you all do a wonderful job at C-Span.

Very truly yours
