

11-1-98

O. free republic

I usually watch C-Span when I am home. I thought that it was balanced since good money used.

I was surprised 10-31-98 when you showed Rally against Clinton. They mentioned that there was some difficulty getting on T.V. Did the Ken Starr Rally have any difficulty? 1 wk. previous?

Well every few minutes during the rally against Clinton it was put on the screen that Clinton would be featured the next day (today) @ a Baltimore church. Why was this done? Did I see a Republican scheduled on screen during Rally against Ken Starr? I did not.

So Clinton won at another Black church intimidating for their voters

you are so careful (we could tell that you were reluctant to air the show yesterday) by constantly showing your "balance" for Clinton

by constantly showing that he would be
in a Baltimore Church at 12 noon.

This is Colanice?
