C-SPAN AUDIO NETWORKS ADD AFFILIATES, PROGRAMMING

Atlanta, May 21--Recent commitments from six cable systems will put the six-month old **C-SPAN AUDIO NETWORKS** past the 1.5 million subscriber mark by the end of June, says C-SPAN marketing director Lisa Kerr.

The latest systems agreeing to launch C-SPAN's audio services are Rochester, NY (ATC), Clearwater, FL (Vision), San Rafael/ Marin County, CA (Viacom), Needham, MA (Continental), Tomah, WI (Marcus), and Phillipi, WV (Phillipi Comm.)--a total of 373,400 cable households.

The program lineup is also expanding. Audio Networks Manager Beth Glatt says arrangements are being finalized to add two acclaimed news programs from the Canadian Broadcasting Corporation--"As it Happens" and "Sunday Morning"-- to the Audio 1 schedule.

The C-SPAN Audio Networks feature two channels of unique news and public affairs programming designed for cable FM packages or as audio accompaniments to alpha-numeric cable channels.

C-SPAN Audio 1's round-the-clock schedule includes live events from Washington and English language news programs from eight countries. Audio 2 retransmits the heralded BBC World Service, 24-hours a day.

The C-SPAN Audio Networks are available free of charge to C-SPAN affiliates.
