Dear Mr. Lamb,

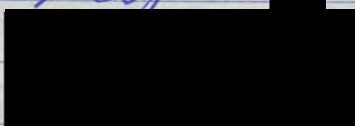

In watching your coverage of the Nixon Funeral I am quite confused regarding placement of the Casket during Public Visitation as well as the Funeral itself.

Being a funeral director in the Commonwealth of Kentucky I would like to know why the back of the Casket was facing the visitors as well as those

attending the outside services.
The stars go over the left
shoulder when placing the
flag on the casket so I know
for a fact the Casket was
reversed.

I would like for you to
contact someone for an explan
ation of why this was done
in this manner. It is grossly
incorrect.

Please send me a reply
ASAP at the address listed
on the enclosed return envelop.

Respectfully,
