Dear Mr. Lamb,

Please give some serious thought
to having Ms. Sarah McLendon on your
programs more often.

Her candid presentation of current
affairs and facts especially in Washington,
D.C. can be very helpful in helping
your viewers to make informative de-
cisions in the November elections.

Unfortunately, her syndicated columns
are not in any newspapers. Her presence
at presidential news conferences usually

provide us with some aspects of presidential
excessive policies.

C-Span's coverage of the N. H.
Primary was superb. My many attempts
to contact by phone have not been successful.
Therefore, I must write.

C-Span's contribution to the American
Democratic process is so valuable. I thank
God, you and your competent staff for
your on-going efforts in that behalf.

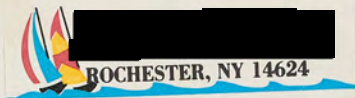

Most sincerely,
