Re: Democratic Presidential
Debate on C-SPAN 1-19-92

To: C-SPAN, Wash., D.C.

Thanks to C-SPAN, we got to see the rabble
of unqualifieds running for the Democratic
Candidates for the Presidency. My Summary:

Brown - A moon beam, flake, meddler!

TSONGAS - One more Greek Liberal from Mass.

Harkin - A Liberal Know-it-all Nobody!

Clinton - Jimmy Carter resurrected!

Kerry - Run Bob Run - meaning his mouth!

If it wasn't for Pat Buchanan, there would
not be any contest for the presidency. Who
in their right mind could vote for any of
these lightweight, inexperienced, dilettante!

Why would any thinking or knowledgeable
voter choose any of these quibbling, gimmicky,
blather mouthed, feather merchants with
Zero foreign policy experience, and damn
little domestic experience! George Bush will
easily win re-election against these bozos!

Sincerely,
