Media could stop the rhetoric!
Bush should explain his program

Clinton's + distorting, Bleep him out.

Clinton should explain his program
for the future + if he explains Bush's
+ distortion. Bleep him out.

Last election - Willie Horton?
Reagon + Bush, as governors, had some
program. media should have made
Big headlines. Media should be
for the people, as watch dogs if you
will!

Our nation would not be in
this mess, if you would have done your
job. (All news media at fault) sells papers (its wrong)

Our graduating Students have
to fill out a resume for a job? right!
Bush should have to fill one out.

- 1 Economy - Companies going under

I know what I see. no leadership.

Insight: If we would have had leadership
Bush, Reagan & yes, Congress, heavily invested
in oil, we would be driving Solar
Powered cars. Abundant, clean & efficient.
Wars were fought over oil

If we ruin this planet, where will
we go? Money & greed ruination of this
Country.

Bush's - Jennifer Fitzgerald

anything.

Let's save America!

We will all have to work & sweat to get
America afloat again. We are sinking fast!

Bush had 4 years? We can't afford
even one more year. He acts like he
just came on the scene. Wake up George!

We have to have a leader that can reconcile
the different races & factions. Clinton, with the
help from God & all Americans, Black, red
white, etc may lead us in right direction.

Every child not educated is a liability,
Every child educated can be an asset.

President said he will do anything to get
re-elected. It shows

for all Americans! Ask Governors
