Dear Mr. Lamb,

We "discovered" C-SPAN during the war. It has replaced the "morning shows" at our house since. Your idea is brilliant! We are so tired of being told what to think by the media.

There is one problem, the more I watch the madder I get. My husband is grateful so many people call in - the line is busy everytime I try. (It was a shock to hear our son, in California, call in one morning with a comment on the homeless!) The check scandal has made me crazy! Fortunately our representative Dick Nichols (R-Kansas) did not shame us by his actions or his attitude.

Thank you for being a forum for us. You people are to be commended. It must be extraordinarily hard not to express an opinion.

Sincerely,

Mrs. [REDACTED]

4/7 Mr. L -

Watched this a.m. "The fault
lies in C-SPAN. Had we not seen
"them" in action - would not have
known what "they" were doing!"
