Dear C-Span,

I would very much appreciate it if there would be more coverage of rallies, press conferences, and presentations to Congress by Ross Perot. We are very intersted in what he and United We Stand America have to say. Please put more preference in this area rather than in special interest groups such as gay activists. We are more interested in the future of this countries economy and believe that Ross Perot addresses this area the most. So far I have put more preference in watching C-Span rather than the other networks because they seem to not pay attention to what we viewers want to see.

I am glad to see that C-Span does how some events related with Ross Perot, however there were some events that were not covered.

Thank you for your attention.
