The White House Correspondents Assoc. Dinner was the most disgusting show I ever saw. And you're rerunning it at least twice. Our Pres. has no shame. ~~O. #1~~ **corresp dinner**

All C-span & CNN can **R** do is "put down the Repub. And just about every correspondent does the same. What about the "mean spirited Dems" We never hear about them. They sure are protected & because of this total protection, our country is going down the drain. We like to know what you people are getting for all this protection. It's sickening.

Why should the tax payers pay for this phony "war". There's nothing compassionate about the Sibs. There's nothing objective about Sib Reporters & all of you know it. You all had no part with the present adm. So why should we trust you. Clinton won his 2nd elec. w/ Chinese money.
