

1. To Have LAPD say J. Brown is innocent and Drug charges is so laughable. Especially when the Police Dept is so damn crooked.
2. I do believe (of the Act Surprise)) it is truth, truth. Reagan had to get in on his 2nd attempt or had he to ancient for a third try.
3. Bush is just a plain liar.
His name has been mentioned twice on Court TV for being involved in pressuring a quick conviction on the Atlanta murders involving the KKK. Of course Reagan was involved. Of course they will deny it. And people will believe them.
4. Why does the panel always smirk and use body language when Gov. Clinton is mentioned. I like him. He is young, ~~had~~ handsome and very intelligent. His wife is

adorable. It would be nice to see them on TV instead of no personality Bush.

What goes around comes around they say. I hope the whole Bush family is ousted when they come around. They aren't 100%.

I hope if Clinton doesn't get it Perot will. Of course Perot is so loaded with experience. Big joke
