Dear Mr. Brian Leub

I watched your President Series all the way through - they were & are - wonderful. You & C. Spear have done a great job to wake-up this Nation - to let them know what a great country we have.

I've just watched the one on President Clinton - It was so wonderful - I enjoyed it a lot and will watch it again, whenever you repeat it.

Hope, Ark. is so pretty & clean and all those who was taking part did a wonderful job. I've watched all of them - this was best.

② It's great to know that a small
town little boy - can grow up and
become President. I think he's
been a good President and history
will judge him so.

Thanks for the "Series" - what's
next?

I watch C-Span every 9.00.
I love Wash. Journal -

Keep up the good work -
See Nancy Curze - "heels" she's
so nice & smart -

Sincerely,
