

Dear C-SPAN, That National Commission meeting with Magic Johnson was the greatest thing I've ever seen! I've never seen a person cut through the federal baloney and come out with flying-colors like that before in my life.

He's a natural-born leader and I hope to see C-SPAN get involved and get him on a call-in program. I think it would be great. People have been getting jerked around for ten years now with this illness and they're finally getting a chance to do something about it.

Magic is now a leader for all the people who've been beaten out of medical services and been kicked around by the discrimination that has been actively advocated by Washington.

He's really going to make a great difference.

Keep up the great work,
