Dear Brian,

Please, don't ape
Jerry Springer (Paula
Jones' makeover) I
have cable just to
watch C-Span. I
can watch sleaze
on network TV.

I really like your shows
because I feel that
members of Congress
and the press really
reveal who they really
are.

But - leave the
sleaze to Jerry!

I usually sign all
my correspondence but
was afraid I might
see this on T.V.

I haven't heard anything on any program about the Chinese working for a contractor, who got into the databases at Wright-Patterson AFB. 10 Chinese returned to China and one is scheduled for trial. Wes Hills of the Dayton Daily News did 2 articles and that is all we've heard. My relatives scattered over the country heard nothing. Can you check this out?
