To all you Wonderful Folk at C-Span:

What else can I say, except
"You're the greatest"! I've watched
so many hours that I'm sure "C-Span"
is etched on my eyeballs.

Without exception, C-Span is a
real credit to television — excellent
technical bits, and there is Susan
Swain. What a call! Brian Lamb's
cool gaze is reassuring too.

I just don't see how we get
along without C-Span for so long.
The commercial networks pale beside
you. Keep up your fine performance.
Congratulations! We love you!

Sincerely,
[REDACTED]
