Memo → Here is a Q & A you may want to place
in the C-SPAN National Public SPOTLIGHT.
To Brian Lamb. ???? ???? ???? ?

C-SPAN. ???? ???? ???? ?

?? You, as one of your colleagues at
C-SPAN may have already held a question
and Conversation interview with DR. RAVI BATRA,
who is a professor of economics at Southern Meth-
-odist University, regarding his recent books, "THE
GREAT DEPRESSION OF 1990", and "SURVIVING THE
GREAT DEPRESSION OF 1990". - ???? ?

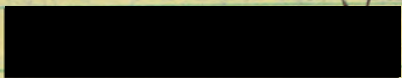

????? The scene is changing somewhat regarding the
validity of his "DEFENSE TAX" proposal for TAX
PAYMENTS to the USA for providing Defense Cover
in EUROPE, for the NATO COUNTRIES -- but --
all-in-all these books are really an UNUSUALLY
BROAD-GAUGE EXCISE of UNDERLYING RELATIONSHIPS
BETWEEN NOW and what was occurring in our Political
and Economic Situation, prior to the HORRENDOUS DE-
-PRESSION of 1929-1937. - ???? ???? ????
????? He embraces our NATION with his analysis
of what is wrong, with practical solutions that an aver-
-age layman can understand. - ???? ???? ?

FOVER] — DR. BATRA was ranked third in a group of
46 ^{ECONOMISTS} superstars selected from AMERICAN and CANADIAN
UNIVERSITIES by the learned journal, Economic Enquiry,
in 1978. Other books, "Studies in Pure Theory of International
Trade, CAPITALISM & Communism, etc." by Tom PETERS, Chicago Tribune,
Thomas Hayes, N.Y. Times, Editorials in DALLAS TIMES HERALD
and DAILY PRESS, NEWPORT NEWS, say we can't afford ^{to ignore} DR. BATRA'S
