Dear C-Span People,

Your program is made to order for those whose interest is seeking information. Being an older widow myself, having no frivolous pursuits, my attention to worldly affairs, has turned to affairs in government.

I have written a little poem to add my bit of wisdom to the burning issue.

### Dousing the Debt

To raise taxes, cut spending,  
To cut taxes, cut spending,  
However the cake is cut,  
With those jobs sent asunder  
That tax base goes under  
Making neither or nor, enough
