C-SPAN

Dear Manager:

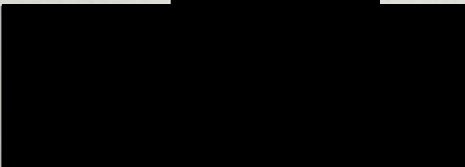

I was watching C-SPAN this morning, as I always do, and heard a comment regarding an article in the Washington Post. I believe this comment referred to C-SPAN callers as "ignorant."

I am disturbed by this reference from the Washington Post. I want to write the Washington Post, but, I do not want to do so until I have seen the article that refers to C-SPAN callers as "ignorant."

I do not have access to the Washington Post in my area. Is it possible for you to photocopy this article and send it to me along with a Washington Post address? If you cannot do this I understand.

As many of your callers say on the air, thank you for providing C-SPAN.

Sincerely,

Kokomo, IN 46902
