CULTURAL GENOCIDE

6 December 1990

I'm sitting here waiting for the S & L Hearings to proceed and some jew named Davidow is giving forth on American history (governmental)....I'm getting so damned sick of seeing/hearing Jewish "experts" in every phase of human existence "giving forth" on my TV screen that I could puke. They sit in key positions throughout the the whole fabric of government, industry & education.. and they do not just sit...but are continually in a frenzy of activity...which is duly reported in their owned/operated/staffed media & publishing monopoly in these United States of Jewdom.

AND the "desirable skills loophole in the 1990 Immigration Act will allow another 50,000 to 100,000 MD's thru Ph D's from the USSR Via Israel to enter the USA...
over and above ethnic quotas...which will discourage many from being doctoral candidates...as these frenetic types will be placed in the higher positions by their friends already resident here...after they are suitable "conditioned" in Israel.

In closing...I make no
apologies for so stating
my views...I offer only
outrage!!!

So far C-SPAN coverage merely fears
of the pervasiveness of
thought & influence
in America
