Dear C-Spann,

I was a C-Spann junkie. I watched your station 99% of the time. I am so sorry that you allowed the winning of the democrats get to you.

I always thought you were fair and then.... you caved in from their winning. AND CALL THAT FAIR!!

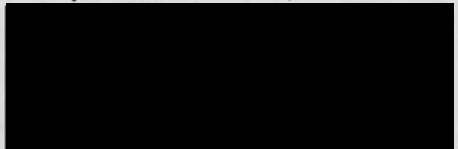

I believe letting the chips fall where they may is fair. After 40 years of Democrats being in control, Republicans setting back waiting, never causing a scene like you see today. After all this time we finally gained control and were so excited. I have never enjoyed any T.V. viewing like I did yours be-fore you changed. So you cannot stand our glory either. You certainly took it away from those of us who enjoyed your early morning shows.

You know, I tried different times to get through and your line was always busy, I did not blame you. I said, "tough I'm not fast enough to get through". I considered that my problem not yours.

I truly regret that you saw fit to change. Your not the same anymore, and I really miss that.

I suppose when you see how much the republicans win in November then you will understand why so many republicans were calling.

Very sad viewer,

I truly do not understand your definition of fairness.

So I am sending you my Sympathy because of the viewers you have lost over this change.
