I watch C. Span, because -  
I have learned more  
about Politics, than I ever  
knew before, top officials -  
Congress, and just how they  
work, recognizing each and  
every one, following H. U. D.  
F. D. A. especially, I find  
it a great education in  
all fields, and what is  
going on in the world  
today
