

C-Span

10-19-93

Dear C-Span;

I have been a viewer of C-Span for some years now and now I must speak out on the impossible situation of unfairness of C-Span or better yet the Cowardice of its programming staff or those in a supervisory position.

It is unbelievable that you would allow the ilk, the likes of a Mike Kinsley continue his wild Harangues, His raving, crass and crude behavior to continue. This man has absolutely no class.

He shouts and over talks the various guests and does not allow them to answer and/or respond — and/or Does Not allow them to finish their response.

Absolutely — NO Class — Mike Kinsley is what is wrong with C-Span, and what is wrong with Liberalism, and what is wrong with the American Education System. The Educational System certainly failed with Mike Kinsley. This person,

Whom I'll not refer to as a man.

He wouldn't make a small pimple on a good man's a ---.

Where in the world does C-Span dredge up these Types? From what gutter or sewer did you drag him out of?

C-Span simply has no class when they put someone of his ilk in a Soap Box position. This also tells me something about C-Span's management and programming staff, it tells me that the intelligence quotient at C-Span is in the lower echelon in American Broadcasting.

Can't you put a muzzle on him and allow your most distinguished guests to reply in full? Why can't you tell that Namby pamby Blowhard to shut up once in a while —

Rude! — That is the kindest thing you can say about C-Span's spokesman Mike Kinsley.

You had better wake up C-Span as I have heard it said more frequently that C-Span is just another sounding platform for

liberals, Lesbians, Homosexuals, Radicals, Muslims, Uneducated Blacks with hatred in them for anything white or yellow.

What has happened to C-Span when it carries so many black groups of all stripes and in particular Blacks who threaten to riot and loot our cities across this nation?

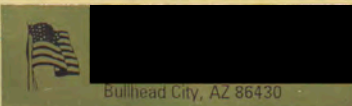

Why are prominent or noted Black leaders in various organizations including in particular those in the political spectrum allowed to use C-Span to imply subtly and not so subtly that rioting and looting and yes even murder? Why do you give them a sounding board to voice such irresponsible and reckless statements? When is C-Span going to insist on responsible journalism?

What ever happened to good old Hardwork, Honest work, Ethics, and integrity? Has it gone down the tubes with C-Span?

In closing may I say that I hope C-Span's management returns to responsible journalism.

P.S. I am neither Racist, Republican, Sincerely yours
or Conservative,

I am an American
